

# Contributions of the group members

## Eya — Contribution Statement

**Primarily responsible for:** Visualizations and website design

- Producing presentation graphics
- Structuring the website (night mode, hidden code, search tool...)
- Mainly used files: `_quarto.yml`, `project_proposal.qmd`, `format.qmd`

**Collaborative tasks:**

- Building regression models
- Research questions design
- Evaluation and interpretation of findings

## Shohei — Contribution Statement

**Primarily responsible for:** Data cleaning and optimization

- Data cleaning (`project_proposal.qmd`)
- Creating the plot functions (`project_proposal.qmd`)
- Correcting the text (`project_proposal.qmd` / `data.qmd`)

**Collaborative tasks:**

- Building regression models
- Research questions design
- Evaluation and interpretation of findings

## **Slaheddine — Contribution Statement**

**Primarily responsible for:** Documentation and environment maintenance

- Writing (report/text sections)
- Adding the README
- Refreshing the renv folder (dependency/environment management)
- Mainly used files: README.md, renv (folder), project\_proposal.qmd

**Collaborative tasks:**

- Building regression models
- Research questions design
- Evaluation and interpretation of findings
